

BAO Base Station Omni Antenna

BAO antenna have been designed with an E-plane radiation pattern with null fill, shaped to provide even signal strength throughout the coverage area.

The dipole assembly features high quality brass alloy radiating elements enclosed in a fiberglass weatherproof shroud.

The antenna has an aluminum support tube and top cap, The complete assembly is at DC ground for lighting.

Part No.	BAO2400-6N	
Frequency range	2400~2500MHz	
Bandwidth	100MHz	
Gain	6dBi	
VSWR	≤1.5:1	
Polarization	Vertical	
Horizontal Beamwidth	360°	
Vertical Beamwidth	25°	
Impedance	50Ω	
Max Input Power	50W	
Connector	N	
Size	Ø35 x700mm	

* Please specify frequency band when ordering

Eyecom company policy is one of continuing improvement, therefore we reserve the right to change this specification without notice
